## The Customer

The famous Hotel Kriopigi located in Kassandra peninsula at Halkidiki Greece. Is a holiday resort situated near the village of Kriopigi. Built at the most privileged spot of the village, at 120 m of altitude, by the woods, offers unlimited view to the Toroneos gulf and the entire area of Sithonia. The Hotel Kriopigi is built with respect to the local architectural style and has rooms, family apartments and junior suites fully equipped providing all commodities needed for a pleasant stay during your holidays in Halkidiki

## The Challenge

EDISION and TELEVES products were selected to provide solutions and services for the high demands of Hotel KRIOPIGI. There was a need for upgrading the TV system and the choice for a professional equipment was the one-way street for such a hotel category. This work has to do with the distribution of satellite and terrestrial television signals as well as with the digital signage supply on the hotel's televisions.

## The Solution

The installation of the TELEVES & EDISION professional equipment was carried out by an authorized EDISION technical partner that guarantee the distribution of the TV signal and dynamic advertising to the hotel's TVs.

## Return on Investment

We collaborated with EDISION and upgraded our TV system to provide our visitors with services according to their needs and their expectations. We manage with the support of EDISION, to upgrade to high-level services in this field and to offer quality in experience for our customers, while at the same time we believe we have lay the foundations and we are ready for the more demanding technological future.
