

CCTV Switching Power Supply

Art.-Nr. TV7616

The CCTV switching power supply is suitable for the pan-tilt dome cameras (TV7098 and TV7099). The power supply transforms 100-240 VAC input voltage into 12 VDC output voltage with nominal current of 1.5 A.

Technical Data

Height	69mm
Input voltage	110 – 240 V ACV
Length	83mm
Net weight	0.19kg

Operating current	15.000mA
Output voltage	12 V DCV
Width	44mm
