Smartvest Wireless Remote Control

Art.-Nr. FUBE35000A

- Smartvest extension for operation without a mobile device
- Immediate operation at the push of a button and with no need for a PIN code
- Buttons for arming and disarming Smartvest
- Panic alarm that can be triggered at the push of a button
- Individual configuration of buttons to automatically activate additional components (cameras, sirens, etc.) simultaneously
- Visual feedback via blue LED
- Low battery notification sent to the Smartvest alarm control panel
- Small, portable and easy to use

In addition to the smartphone and tablet option, the Smartvest Wireless Remote Control offers you another streamlined and convenient option for operation – at the push of a button, without the need for a PIN code. With this option, you can both arm and disarm the Smartvest or, in an emergency, trigger a panic alarm at the touch of a button. Using the app, the button can also be configured so that certain cameras or the siren are activated when the buttons are pressed. The Smartvest Wireless Remote Control thus provides basic control options in a compact and handy form ensuring it is simple and intuitive to use.

Smartvest Wireless Remote Control

Art.-Nr. FUBE35000A

Technical Data

Battery type	1xCR2032		Max. sending range (building)	30m
Certifications	CE		Max. sending range (outdoors)	100m
Display	LED		Min. operating temperature	0°C
Height	60mm			
Housing material	ABS		Modulation	FSK
Length	14mm		Net weight	0,022kg
Luminous color	blue		Power consumption	15mA
Max. battery life	2A		Power consumption Standby	0,005mA
Max. humidity	80%			
Max. operating temperature	40°C		Radio frequency	868MHz
			Tamper monitoring	No
Max. receiving range (building)	30m		Width	30mm
Max. receiving range (outdoors)	100m
